CECO Peerless Europe Ltd. is Growing to Serve our Growing UK Customer Base!

(STANSTED, UK: MARCH 4, 2020) CECO Environmental, a leading provider of industrial air quality and fluid handling solutions is moving its CECO EMEA office to a new location to accommodate their growing employee base and business growth. Based in Stansted, the new office space is conveniently located next to the airport and is equipped with state-of-the-art facilities designed to improve operational performance.

"Our growing customer base, and our expanded portfolio of technologies and applications drove our decision to relocate from our Chelmsford office to the new location in Stansted," explained David Barker, Managing Director, CECO Environmental EMEA. "Providing our customers with great experiences is a top priority for us at CECO. I believe that our growing team will be better positioned to deliver on that promise with our new and operationally improved office space," continues Barker. "By moving locations, our goal is to integrate technologies, enhance innovation, boost communication, and collaborate among employees and customers alike."

CECO prides itself in delivering custom engineered technologies to their customers in support of their growing business needs. And with the newly expanded offices, CECO can continue to add talented team members and focus on developing new and innovative technologies, while protecting our shared environment via safe, clean, and more efficient solutions.

About CECO:

CECO Environmental is a global leader in air quality and fluid handling serving the energy, industrial and other niche markets. Providing innovative technology and application expertise, CECO helps companies grow their business with safe, clean and more efficient solutions that help protect our shared environment. In regions around the world, CECO works to improve air quality, optimize the energy value chain and provide custom engineered solutions for applications including oil and gas, power generation, water and wastewater, battery production, poly silicon fabrication, chemical and petrochemical processing along with a range of others. CECO is listed on Nasdaq under the ticker symbol "CECE". For more information, please visit www.cecoenviro.com.
