Dear Stockholder:

We are pleased to invite you to attend CECO Environmental Corp.'s ("CECO" or the "Company") Annual Meeting of Stockholders at 8:00 a.m. Central Time on Monday, May 20, 2024 to be held solely through virtual participation via webcast at www.virtualshareholdermeeting.com/CECO2024 (the "Annual Meeting"). We continue to embrace the latest technology to provide expanded access, improved communication, and cost savings. We believe hosting a virtual meeting enables increased stockholder attendance and participation from locations around the world. Stockholders attending the virtual meeting will be afforded the same rights and opportunities to participate as they would at an in-person meeting. Further information on attending, voting, and submitting questions at the Annual Meeting is included in the accompanying Notice of Annual Meeting and Proxy Statement.

Our Board supported the tremendous progress achieved in 2023

The Company achieved numerous financial records including the highest revenues in our history, as well as record bookings and backlog levels. Additionally, we continued to put in place more resources to support our global expansion and to sustain our performance. The result for our stockholders was a share price that once again greatly outperformed our industrial peer group and the broader stock market. We remain committed to creating stockholder value and ensuring our performance reflects the growth opportunities that we believe exist in the global marketplace.

Our Board is highly engaged in our enterprise strategy and business transformation

CECO has a focused growth strategy to advance in Industrial Air, Industrial Water and Energy Transition. To maximize the Company's leadership, the Board established an M&A Committee to work closely with management and develop a robust pipeline of strategic transactions. In 2023, we closed three strategic acquisitions, expanding our international market leadership. The Company enters 2024 with a very balanced portfolio and stronger leadership positions in niche industries that we believe have attractive longer term growth profiles.

Our Board is adding more expertise

We believe our directors bring a well-rounded variety of diversity, skills, qualifications, and experiences, and represent an effective mix of Company knowledge and fresh perspectives. In September 2023, we announced the appointment of Laurie Siegel to the CECO Board of Directors. Laurie brings to the Company substantial experience as a human resources executive with large global enterprises as well as substantial public company board experience.

Your vote is important to us, regardless of whether you plan to participate virtually during the Annual Meeting. We have included voting instructions within these materials and request that you vote as soon as possible.

On behalf of our entire Board of Directors, we thank you for your continued ownership and support of CECO Environmental Corp. and our mission to protect people, the environment and industrial equipment.

BUSINESS PERFORMANCE AND FINANCIAL HIGHLIGHTS

As an engineering and services company focused on helping our customers meet or exceed regulatory or self-appointed environmental targets, we understand that we have a responsibility to reduce our internal environmental footprint. We are also committed to ensuring that we are fostering an engaged workforce and strong processes around controls and transparency.

GOVERNANCE HIGHLIGHTS

BOARD AND GOVERNANCE PRACTICES

Size of the Board. The Company's Bylaws provide that the Board will be not less than 3 nor more than 9 directors.

Majority of Independent Directors. It is the policy of the Board that a majority of the directors will not be current employees of the Company and will otherwise meet appropriate standards of independence.

Management Directors. The Board anticipates that the Company's Chief Executive Officer ("CEO") will be nominated annually to serve on the Board.

Chairman; Lead Independent Director. The Board will appoint a Chairman. All directors, including the CEO, are eligible for appointment as the Chairman.

Selection of Nominees to the Board of Directors. The Board, through the Nominations and Governance Committee, is responsible for the selection of nominees for election or appointment to the Board.

Board Membership Criteria. Nominees for the Board should be committed to enhancing long-term stockholder value and must possess a high level of personal and professional ethics, sound business judgment and integrity.

Board Compensation. The Board, through the Compensation Committee, reviews, with the assistance of management (including the CEO), and the Compensation Committee-retained compensation consultant, policies for the directors serving on the Board and its committees.

Other Board Memberships. Without prior approval from the Board, no director may serve on more than four public corporation boards (including the Company's Board).

Board Evaluations. The Board shall conduct a self-evaluation at least annually.

Attendance. Absent unusual circumstances, each director is expected to attend all meetings of the Board and all meetings of any committee on which such director serves.

Independent and Non-Management Directors Discussions. It is the policy of the Board that the independent members of the Board meet separately after each Board meeting to discuss such matters as the independent directors consider appropriate.

Board Presentations and Access to Information. The Board encourages the presentation at meetings by managers who can provide additional insight into matters being discussed and the CEO will occasionally ask high-potential employees to present to the Board to give these individuals exposure to the Board.

Director Stock Ownership. To further align the interests of non-management directors and stockholders, each non-management director is required to own shares of the Company's common stock having a value equal to at least three times the non-management director's regular annual cash retainer.

CEO Stock Ownership. To further align the interests of the CEO and stockholders, the CEO is required to own shares of the Company's common stock having a value equal to at least five times his or her base salary.

Management Succession and Development Planning. The CEO reviews with the Board succession and development plans for senior executive officers. The Board discusses CEO succession planning annually.

COMPENSATION HIGHLIGHTS

1

During 2023, our Compensation Committee continued to administer executive compensation programs that it considers to be competitive in the market for talent and aligned with industry best practices and the long-term interests of our stockholders.

2

Our annual performance-based cash incentive compensation program is typically designed to reward our management team (including our named executive officers (“NEOs”)) for achievement of certain pre-established, short-term financial and/or operational goals. For 2023, the performance objectives under our performance-based incentive program consisted of **Adjusted EBITDA (50)%**, **Revenue (25)%** and **Free Cash Flow (25)%**, in each case established by reference to the Company’s annual operating plan.

3

Performance-based restricted stock units (“RSUs”) that were granted in 2023 under our long-term equity incentive program require attainment of relative total shareholder return (“Relative TSR”) goals during the 2023-2025 performance period for a specific percentage of those RSUs to vest. We also granted time-based restricted stock units (“RSUs”) in 2023 to our NEOs. These RSUs have a four-year vesting period, with 25% vesting annually on each anniversary date.

4

Our Compensation Committee has engaged an independent executive compensation consultant to provide advice on compensation matters. In 2023, we engaged our independent compensation consultant to conduct a market analysis of the compensation of all our executive officers and the entire Board’s total cash compensation and equity retainer against the general market and our peer group.

5

Our stock ownership guidelines apply to all executive officers, including our named executive officers. Our CEO is required to own shares of our stock or stock equivalents having a value equal to **five** times his base salary. Our other NEOs are required to own shares of our stock or stock equivalents having a value equal to **three** times their base salary.

6

During 2023, we adopted an updated clawback policy governing the recovery of erroneously awarded incentive-based compensation consistent with the requirements of the SEC and NASDAQ. The policy provides that, if we are required to prepare a qualifying accounting restatement, then, unless an exception applies, we will recover any excess incentive-based compensation paid to covered officers.

7

We use tally sheets when determining executive compensation.

8

We provide very few perquisites.

VOTE REQUIRED

In order to be elected, a nominee must receive the affirmative vote of a majority of the shares represented at the Annual Meeting in person or by proxy.

Our Board recommends a vote “FOR” the election of each director nominee named above.

Our Board and Its Committees

Our Board has four standing committees: the Audit Committee, the Compensation Committee, the Mergers & Acquisitions Committee, and the Nominations and Governance Committee. Each of these committees operates under a written charter, which can be found on our website www.cecoenviro.com in the Investor Relations, Governance section.

Director Independence

All of our directors, other than Mr. Gleason, qualify as independent directors in accordance with the listing requirements of The NASDAQ Stock Market LLC (the "NASDAQ"). The NASDAQ independence definition includes a series of objective tests, including that the director is not an employee of our Company and has not engaged in various types of business dealings with us. In addition, our Board has made a subjective determination as to each independent director that no relationships exist, which, in the opinion of our Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

Audit Committee

Our Board has determined that Mr. Wallman qualifies as an audit committee financial expert as defined in Item 407(d)(5) of Regulation S-K of the Securities Exchange Act of 1934 (the "Exchange Act"), and that each of our Audit Committee members is independent under the applicable NASDAQ listing requirements and the rules and regulations promulgated by the SEC.

The primary purpose of our Audit Committee is to assist our Board in its general oversight of the integrity of our Company's financial statements and of our Company's compliance with legal and regulatory requirements.

Our Compensation Committee’s responsibilities include:

- reviewing and approving corporate goals and objectives for the compensation of our CEO, evaluating our CEO’s performance in light of those goals and objectives, and recommending to our Board for approval our CEO’s compensation level based on this evaluation; and
- determining and approving the compensation of our other executive officers.

Our Compensation Committee also oversees our equity programs, including our 2021 Equity and Incentive Compensation Plan and 2020 Employee Stock Purchase Plan. The Compensation Committee’s activities include reporting to our Board on all compensation matters regarding our directors and executive officers. Our Compensation Committee annually reviews and recommends to our Board for approval the compensation for our directors, executive officers and other key salaried employees. It does not generally delegate any of its authority to other persons, although it has the power to delegate certain authority as permitted by applicable law and the NASDAQ listing standards to subcommittees, our Board or management, including under our 2021 Equity and Incentive Compensation Plan. Our Compensation Committee’s processes and procedures for the consideration and determination of executive compensation, including the role of executive officers and the Compensation Committee’s independent consultant in determining or recommending the amount or form of compensation of our named executive officers, are discussed in the “Compensation Discussion and Analysis” section below.

Nominations and Governance Committee

Our Board has determined that each member of our Nominations and Governance Committee is an independent director under the applicable NASDAQ listing requirements. Our Nominations and Governance Committee identifies individuals qualified to become Board members and makes recommendations to our Board regarding Board and committee composition, consistent with the Director Nomination Policy described below. It also recommends Board members for committee membership. A copy of the Director Nomination Policy can be found on our website www.cecoenviro.com on the Investor Relations, Governance section.

Our Bylaws provide stockholders the ability to nominate candidates for election as directors at the annual meeting of stockholders. Stockholders who wish to nominate a candidate should submit the candidate's name and other information required by our Bylaws to our Corporate Secretary and follow the procedures stated in our Bylaws. These procedures are summarized below in "Information for Our 2025 Annual Meeting."

In addition to the formal procedure set forth in our Bylaws for the nomination of directors by stockholders, our Nominations and Governance Committee has adopted a policy to consider stockholder recommendations of candidates for nomination to our Board that stockholders submit outside the process in the Company's Bylaws discussed above. Our Nominations and Governance Committee will consider director candidates recommended by stockholders for inclusion on the slate of directors recommended to our Board on the same basis as candidates recommended by other sources, including evaluating the candidate against the standards and qualifications set out in our Director Nomination Policy, as well as any other criteria approved by our Board from time to time. Our Nominations and Governance Committee will determine whether to interview any candidate. Recommendations must include the candidate's name, contact information and a statement of the candidate's background and qualifications, and must be mailed to the following address: CECO Environmental Corp., 14651 N. Meeting Attendance

During 2023, our Board held 7 regular meetings. Directors are expected to regularly attend Board meetings and meetings of committees on which they serve, as well as the annual meeting of stockholders. Each director attended 100% of the total number of Board meetings, and 100% of all applicable committee meetings, during each director's tenure on the Board. Our Board's policy regarding directors' attendance at the Annual Meeting is that directors are encouraged to attend, and that we will make all appropriate arrangements for directors to attend. All of the directors, other than Ms. Siegel, who was not a director at the time, attended our 2023 Annual Meetings of Stockholders.

Board Leadership Structure and Risk Oversight

The positions of Chairman of the Board and Chief Executive Officer are held by different individuals: Mr. DeZwirek serves as Chairman and Mr. Gleason serves as Chief Executive Officer. Although our Bylaws provide that any two or more offices may be held by the same person, our Board believes that the current separation of the offices of Chief Executive Officer and Chairman reflects the difference in the roles of those positions. Our Chief Executive Officer is responsible for determining the strategic direction and the day-to-day leadership of our Company. Our Chairman facilitates and provides leadership to our Board and executive management and ensures they are focused on key issues. The Chairman of the Board shares a common understanding of the organization with the executive management and provides focus to ensure our Board is effective in its task of setting and implementing the Company's strategy.

The separation of the roles of Chief Executive Officer and Chairman and the independence of a majority of our Board help ensure independent oversight of management. All of our directors, other than the Chief Executive Officer, Mr. Gleason, qualify as independent under the applicable NASDAQ listing requirements. Our Audit Committee, Compensation Committee, and Nominations and Governance Committee — are comprised entirely of independent directors. Additionally, the non-management directors regularly meet in executive session, and the independent directors meet in executive session, as required.

Our management is responsible for identifying, assessing, and managing the material risks facing our Company. Our Board performs an important role in the review and oversight of these risks and generally oversees our Company's risk management practices and processes, with a strong emphasis on financial controls. Our Board has delegated primary oversight of the management of (i) financial and accounting risks and related-party transaction risks to our Audit Committee, (ii) compensation risk to our Compensation Committee, and (iii) ESG risk to our Nominations and Governance Committee. To the extent that the Audit Committee, Compensation Committee or the Nominations and Governance Committee identifies any material risks or related issues, the risks or issues are addressed with the full Board.

ESG Oversight

Environmental, Social and Governance Matters

We believe that the Company is able to advance ESG-related considerations and that sound corporate citizenship includes responsiveness to ESG issues that materially impact our stakeholders and the communities in which we operate. We are committed to operating our business with integrity; focusing on material ESG issues; giving back to the communities we serve; being environmentally conscious; and improving the lives of workers involved in manufacturing our products. Our Nominations and Governance Committee has formal oversight of ESG related matters, including our governance-related policies and strategies on which we advance sustainability through our business and operations.

Director Qualifications and Diversity

Board Diversity Matrix (as of March 31, 2023)

Total Number of Directors	8	
	Female	Male
Part I: Gender Identity		
Directors	2	6
Part II: Demographic Background

African American or Black		1
White	2	4

Our Board believes that the Board, as a whole, should have a diverse range of characteristics and skills to function at an optimal level in exercising its oversight over our Company. When evaluating a person for nomination for election to our Board, the qualifications and skills considered by our Board, including our Nominations and Governance Committee, include:

- Whether the person will qualify as a director who is “independent” under applicable laws and regulations, and whether the person is qualified under applicable laws and regulations to serve as a director of our Company;
- Whether the person is willing to serve as a director, and willing to commit the time necessary for the performance of the duties of a director;
- The contribution that the person can make to our Board, with consideration being given to the person’s business experience, education and skills, conflicts of interest, the interplay of the candidate’s experience with that of other Board members, and such other factors as our Board may consider relevant; and
- The character and integrity of the person.

Our Board applies a broad concept of diversity, which includes all of the criteria listed in the paragraph below together with other factors such as the nominee's experience and leadership abilities. When our Board seeks new director candidates to add to our Board or to replace directors who have resigned or recommends the re-election of incumbent directors, our Board selects director nominees on the basis of all of these criteria with the goal of finding the best match for our Board.

The Board is also committed to having a membership that reflects a diversity of gender, race, ethnicity, age and background. This commitment is demonstrated by the fact that the Board currently includes two female directors and two directors who are ethnically diverse. Our directors currently range in age from 53 to 72.

With respect to skill set diversity, our Board seeks to have directors and nominees composed of qualified professionals with a broad range of skills. Our current directors have a broad range of skills, expertise and diversity, some of which have been described in the directors' profiles. Diversity helps to create a balanced Board to effectively develop strategies for our Company's growth. In fact, it is the Board's objective to take affirmative steps to enhance the Board's diversity. This will be done over time, taking into account the valuable knowledge and experience of the present board members.

Code of Business Conduct and Ethics and Corporate Governance Guidelines

We have adopted a Code of Business Conduct and Ethics that applies to our directors and employees (including our principal executive officer, principal financial officer, principal accounting officer and persons performing similar functions) and Corporate Governance Guidelines applicable to our directors to assist our Board in following corporate guidelines that serve the best interests of our Company and stockholders. The Code of Business Conduct and Ethics and Corporate Governance Guidelines are posted on our website www.cecoenviro.com on the Investor Relations, Governance section. We will post on our website any amendments to or waivers of the Code of Business Conduct and Ethics for executive officers or directors in accordance with applicable laws and regulations. The information on or accessible through our website is not a part of or incorporated by reference into this Proxy Statement.

Insider Trading Policy

Our Insider Trading Policy, which applies to the Company and all of our directors, officers, employees, and agents, expressly prohibits buying or selling securities while in possession of material, nonpublic information about us or another company and from disclosing such information on to others who might purchase or sell securities on the basis of such information. We consider short-term or speculative transactions by our personnel involving our securities to be inappropriate. We also discourage our personnel from buying or selling our securities in margin accounts. Our Insider Trading Policy expressly prohibits the following activities with respect to our securities: short sales, including short sales against the box, buying or selling puts or calls and frequent trading to take advantage of fluctuations in stock price. The restrictions under our Insider Trading Policy also apply to immediate family and household members of our directors, officers, employees, and agents.

Our Insider Trading Policy prohibits all members of our Board and all officers and employees of the Company and its subsidiaries from engaging in hedging or monetization transactions, including through the use of financial instruments such as prepaid variable forwards, equity swaps, collars and exchange funds, or through other transactions that hedge or offset, or are designed to hedge or offset, any decrease in the market value of Company securities. The policy further prohibits such persons from pledging, hypothecating or otherwise using the Company's securities as collateral for a loan or other form of indebtedness.

Stockholder Communications with Directors

Our Board has adopted a process by which stockholders may communicate with our Board for matters other than director nominations. Stockholders who would like to communicate with our Board or a committee of our Board should send the communication to: Chairman of the Board, CECO Environmental Corp., 14651 North Dallas Parkway, Suite 500, Dallas Texas, 75254.

Our Chairman of the Board, Mr. DeZwirek, will forward such communications to our Board at or prior to its next regular meeting. Stockholders wishing to communicate only with the independent directors can address their communications to "Independent Directors, c/o Chairman of the Board" at the same address above. These communications will be forwarded to the independent directors at or prior to the next meeting of the independent directors.

Our Board or the independent directors will determine, in their respective sole discretion, the method by which any such communications will be reviewed and considered.

2023 Director Compensation

For 2023, our non-management directors received the following compensation for their service on our Board:

Director Service	Compensation (\$)
Annual cash retainer, paid quarterly	62,000
Annual equity retainer	100,000
Annual Chair supplement	
Board Chairman	100,000
Audit Committee	30,000
Compensation Committee	15,000
M&A Committee	15,000
Nominations and Governance Committee	15,000
Annual Committee member supplement	
Audit Committee member	5,000

Our Compensation Committee has determined that granting restricted stock units (“RSUs”) in lieu of cash meeting payments simplifies the directors’ compensation while promoting the ownership of our common stock. Accordingly, in June 2023, we granted to each then-serving non-management director RSUs covering 8,299 shares of our common stock. In September 2023, with her appointment to our Board, we granted Ms. Siegel RSUs covering 5,406 shares of our common stock. The RSUs generally vest on the one-year anniversary of the grant and are settled in shares of Company common stock. We also reimburse or pay our Board members their reasonable travel and out-of-pocket expenses to attend meetings. Our non-management directors are eligible to participate in the Company’s U.S. health plan with 100% of the premium payable by the enrolled director.

The following table reflects the 2023 compensation paid to each of our non-management directors. Directors that are employees of the Company do not receive additional compensation for service on the Board or as members of any of its committees.

The stock awards shown in the table above represent the RSU awards granted to our directors in 2023. The table below shows the aggregate number of unvested RSUs and unexercised options held by each of our non-management directors as of December 31, 2023:

- (2) Mr. Knowling has elected to forgo receiving compensation for his role as M&A chair and will only accept compensation designated for the Chair of the Compensation Committee.
- (3) Mr. Liner ceased serving as a director at our 2023 Annual Meeting of Stockholders.
- (4) Mr. Wallman elected to receive the cash component of his director compensation in the form of shares of the Company's common stock.

Our Board has implemented mandatory stock ownership guidelines for non-management directors to further align the interests of non-management directors and stockholders. Each non-management director is required to own shares of our common stock having a value equal to five times the non-management director's regular annual cash retainer (which amount currently equals 310,000). Non-management directors have five years from the date of his or her election or appointment to the Board to attain such ownership levels. As of December 31, 2023, all non-management directors met the stock ownership requirement, except for Ms. Siegel and Mr. Knowling, who have served on the Board for less than five years and thus are not yet subject to the ownership requirement. For purposes of this requirement, a non-management director's stock ownership includes all shares of our common stock owned by the non-management director outright or held in trust for the director and the director's immediate family, plus a non-management director's RSUs. The value of a share is measured as the greater of the then current market price or the closing price of a share of our common stock on the acquisition or grant date.

PROPOSAL 2

APPROVAL OF THE AMENDMENT TO OUR CERTIFICATE OF INCORPORATION TO INCORPORATE DELAWARE LAW PROVISIONS REGARDING OFFICER EXCULPATION

The Board recommends a vote **FOR** the approval of the amendment to our Certificate of Incorporation to incorporate Delaware law provisions regarding officer exculpation.

We are asking you to approve an amendment to the Company's Certificate of Incorporation (the "Certificate of Incorporation") to provide for exculpation of certain officers of the Company as permitted by recent amendments to Delaware law (the "Proposed Amendment").

BACKGROUND OF THE PROPOSED AMENDMENT

The State of Delaware, our state of incorporation, recently enacted legislation that enables Delaware corporations to limit the liability of certain of their officers in limited circumstances. Specifically, Section 102(b)(7) of the General Corporation Law of the State of Delaware ("DGCL") was amended to authorize corporations to adopt a provision in their certificate of incorporation to eliminate or limit monetary liability of certain corporate officers, or exculpation, for breach of the fiduciary duty of care. Previously, the DGCL allowed only exculpation of directors for breach of the fiduciary duty of care. As amended, Section 102(b)(7) of the DGCL authorizes corporations to provide for exculpation of the following officers: (i) the corporation's president, chief executive officer, chief operating officer, chief financial officer, chief legal officer, controller, treasurer or chief accounting officer, (ii) "named executive officers" identified in the corporation's SEC filings, and (iii) other individuals who have agreed to be identified as officers of the corporation.

Section 102(b)(7) of the DGCL, as amended, only permits, and the Proposed Amendment would only permit, the exculpation of certain officers in connection with direct claims brought by stockholders, including class actions, but would not eliminate officers' monetary liability for breach of fiduciary duty claims brought by the Company itself or for derivative claims brought by stockholders in the name of the Company. In addition, as is currently the case with directors under the Certificate of Incorporation, the Proposed Amendment would not limit the liability of officers for any breach of the duty of loyalty to the Company or its stockholders, any acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of the law and any transaction from which the officer derived an improper personal benefit. Article IX in the Certificate of Incorporation currently provides for the exculpation of directors, but it does not include a provision that allows for the exculpation of officers.

RATIONALE FOR THE PROPOSED AMENDMENT

The Board believes that it is important to provide protection from certain liabilities and expenses that may discourage prospective or current officers from accepting or continuing service with corporations. As with directors, officers frequently must make decisions in response to time-sensitive opportunities and challenges, which can create substantial risk of investigations, claims, actions, suits or proceedings seeking to impose liability on the basis of hindsight.

The Board also believes the Proposed Amendment would better position the Company to attract exceptional officer candidates. In the absence of this exculpatory protection, candidates might be deterred from serving as officers due to exposure to personal liability and the risk that substantial expense will be incurred in defending lawsuits, regardless of merit. A number of our peers have adopted exculpation clauses that limit the personal liability of officers in their respective

certificates of incorporation, and failing to adopt the Proposed Amendment could impact our recruitment and retention of exceptional officer candidates.

In considering the Proposed Amendment, the Board also took into account the narrow class and type of claims from which such officers would be exculpated from liability pursuant to Section 102(b)(7) of the DGCL, the limited number of our officers that would be impacted and the benefits the Board believes would accrue to the Company by providing exculpation in accordance with Section 102(b)(7) of the DGCL, including the ability to further enable our officers to best exercise their business judgment in furtherance of stockholder interests.

After weighing these considerations, the Board approved and declared it advisable to adopt, subject to stockholder approval, the Proposed Amendment to provide for exculpation of certain officers of the Company as permitted by recent amendments to Delaware law.

ADDITIONAL INFORMATION

Approval of Proposal 2 will constitute approval of the Proposed Amendment to the Certificate of Incorporation, as set forth in Appendix 1 to this Proxy Statement. If Proposal 2 is approved, the Company intends to file the Amendment to the Certificate of Incorporation with the Secretary of State of the State of Delaware promptly following the Annual Meeting, to be effective at the time of that filing. The Board may, at any time prior to the effectiveness of the Proposed Amendment, abandon the Proposed Amendment without further action by the stockholders or the Board (even if the requisite stockholder vote is obtained).

If Proposal 2 is not approved by a majority of the shares of our common stock outstanding on the Record Date, then the Proposed Amendment will not be approved and will not be implemented or become effective.

Our Board recommends a vote “FOR” the approval of the Proposed Amendment to our Certificate of Incorporation to incorporate Delaware law provisions regarding officer exculpation.

PROPOSAL 3**ADVISORY VOTE TO APPROVE THE
COMPENSATION OF OUR NAMED
EXECUTIVE OFFICERS**

The Board recommends a vote **FOR** the approval, on an advisory basis, of the compensation of our named executive officers.

We are seeking your advisory (non-binding) vote approving the compensation of our named executive officers. We believe that the structure of our executive officer compensation programs promotes the long-term interests of our stockholders. Our executive officer compensation programs are designed to attract, retain, motivate and reward talented executive officers who will achieve our business objectives and create long-term value for our stockholders. We believe that our compensation program rewards sustained performance that is aligned with long-term stockholder interests.

This proposal, commonly known as a “Say-on-Pay” proposal, gives our stockholders the opportunity to express their views on our named executive officers’ compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies, and practices described in this Proxy Statement. We encourage stockholders to read the Executive Compensation sections of this Proxy Statement, including the Compensation Discussion and Analysis, which discuss our compensation policies and procedures, and the compensation of our named executive officers for 2023.

At our 2023 Annual Meeting of Stockholders, our Say-on-Pay proposal to approve the compensation of our named executive officers was supported by approximately 97% of all votes represented at the meeting. We believe that this indicates strong support for our continued focus on aligning our named executive officer compensation programs with the interests of our stockholders. During 2023, we continued to focus on pay for performance, and in addition to granting time-based RSUs, we granted PRSUs that only vest if our market performance meets or exceeds the goals established by our Compensation Committee as well as special one-time incentive grants.

This vote is required pursuant to Section 14A of the Exchange Act and is advisory and non-binding; however, our Compensation Committee and our Board are expected to consider the results of the vote when making future determinations regarding our named executive officer compensation programs. Advisory Say-on-Pay votes have been scheduled to be held once every year. We expect to hold the next advisory vote to approve the compensation of our named executive officers in 2025.

VOTE REQUIRED

This proposal requires an affirmative vote of the majority of shares represented at the Annual Meeting in person or by proxy for advisory approval.

Our Board recommends a vote “FOR” the following resolution, providing an advisory approval of the compensation of our named executive officers:

RESOLVED, that the compensation of the Company’s named executive officers, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables and the related material disclosed in this Proxy Statement, is hereby approved.

EXECUTIVE COMPENSATION**Compensation Discussion and Analysis**

Our executive compensation program is designed to attract, motivate, retain and reward executive talent to achieve our business objectives, with the ultimate goal of increasing stockholder value. This Compensation Discussion and Analysis ("CD&A") provides information about our compensation objectives and policies for our Chief Executive Officer and the other individuals who are considered our "named executive officers" under SEC rules. This CD&A puts in perspective the information set forth in the "2023 Summary Compensation Table" that follows in this Proxy Statement.

For purposes of this Proxy Statement, the following individuals are considered our 2023 "named executive officers" or "NEOs".

Named Executive Officer*	Title
Todd Gleason	Chief Executive Officer ("CEO")
Peter Johansson	Chief Financial Officer ("CFO")
Lynn Watkins-Asiyanbi	Chief Administrative and Legal Officer ("CALO")

*The three listed individuals were our only executive officers as of December 31, 2023. No other individuals met the definition of named executive officer under SEC rules for 2023. Our Board has elected only three executive officers in light of their expansive leadership roles.

Compensation Highlights

- During 2023, our Compensation Committee continued to oversee the executive compensation programs that it considers to be competitive in the market for talent and aligned with industry best practices and the long-term interests of our stockholders.
- Our annual performance-based cash incentive compensation program is typically designed to reward our management team (including our NEOs) for achievement of certain pre-established, short-term financial and/or operational goals. For 2023, the performance objectives under our performance-based incentive program consisted of Adjusted EBITDA (50%), Revenue (25%) and Free Cash Flow (25%), in each case established by reference to the Company's annual operating plan.
- Our 2023 annual grant of performance-based restricted stock units ("RSUs") under our long-term equity incentive program required attainment of relative total shareholder return ("Relative TSR") goals during the 2023-2025 performance period for a specific percentage of those RSUs to vest. We also granted time-based restricted stock units ("RSUs") in 2023 to our NEOs. These RSUs have a four-year vesting period, with 25% vesting annually on each anniversary of the grant date.
- Our stock ownership guidelines apply to all executive officers, including our named executive officers. Our CEO is required to own shares of our stock or stock equivalents having a value equal to five times his base salary. Our other NEOs are required to own shares of our stock or stock equivalents having a value equal to three times their base salary.
- As noted above, our Compensation Committee has engaged an independent executive compensation consultant to provide advice on compensation matters. In May 2023, we engaged our independent compensation consultant to conduct a market analysis of the compensation of all our executive officers (including the NEOs) and the Board's total cash compensation and equity retainer against the general market and our peer group. Based on this review, we made changes to the compensation levels, discussed in further detail below.
- During 2023, we adopted an updated compensation recovery policy (the "Clawback Policy") governing the recovery of erroneously awarded incentive-based compensation consistent with the requirements of the SEC and NASDAQ. The Clawback Policy replaced our existing compensation recovery policy and provides that, if we are required to prepare a qualifying accounting restatement, then, unless an exception applies, we will recover the excess of (1) the amount of incentive-based compensation received by a person who served as a covered officer at any time during the applicable performance period during the three completed years immediately preceding the date we are required to prepare the accounting restatement over (2) the amount that the person would have received had the incentive-based compensation been determined based on the restated financials.
- We annually review tally sheets to understand historical target and realizable compensation.
- We provide very few perquisites.

2023 Stockholder Engagement

At our 2023 Annual Meeting of Stockholders, our advisory “Say-on-Pay” proposal to approve the compensation of our named executive officers was supported by approximately 97% of votes represented at the meeting. Our Compensation Committee believes that this strong approval reflects our continued efforts to improve our compensation practices. During 2023, we had direct contact and discussions with stockholders representing greater than 50% of our investor base, consistent with our experience in 2022. Mr. Gleason, Mr. Johansson, as well as some of our directors, participated in these discussions and provided stockholder feedback to our Board as a whole. Our Compensation Committee considered the 2023 Say-on-Pay voting results at its subsequent meetings and remains dedicated to continuous improvement to our executive compensation programs, although it did not make any changes to our executive compensation policies or practices that were specifically driven by the outcome of that vote.

Compensation Policy and Objectives

Our Compensation Committee believes that an effective executive compensation program generally rewards the achievement of annual, long-term and strategic goals set by the Company and aligns our named executive officers’ interests with those of our other stockholders. Our executive compensation program is designed to attract, motivate, retain and reward highly qualified individuals who are committed to the achievement of solid financial performance and excellence in the management of our Company assets. To accomplish this objective, our typical executive compensation program is designed to provide competitive compensation and to link compensation to our Company’s financial and operational performance. Our Compensation Committee generally evaluates compensation against individual and external market factors to help ensure that we maintain our ability to attract, motivate and retain key executive talent.

Total compensation for our named executive officers generally is comprised of base salary, short-term incentives and long-term incentives, a portion of which is designed to be earned based on our Company’s financial performance. From time to time, our Compensation Committee may approve discretionary cash bonuses or special equity awards to recognize and reward a named executive officer’s individual effort in certain circumstances.

Governance Practices

Compensation Committee Role

Our Compensation Committee oversees our compensation programs, with particular attention paid to the compensation of our CEO and the other named executive officers, to help ensure that our compensation philosophy is consistent with the best interests of the Company and our stockholders. It reviews and approves changes to our executive compensation programs. While our Compensation Committee has historically established and utilized objective, formula-based incentive arrangements, it believes that an effective executive compensation program also requires the use of sound business judgment and the ability to consider qualitative factors to make adjustments when appropriate, though it did not do so during 2023.

Role of Compensation Consultants in Compensation Decisions

Our Compensation Committee engaged Meridian Compensation Partners LLC ("Meridian") as its independent executive compensation consultant to advise our Compensation Committee on executive compensation matters. At our Compensation Committee's direction, Meridian prepared, presented and made recommendations on peer group composition, competitive market pay, compensation structure and general market trends for our NEOs and the Board. More specifically, Meridian provided market and peer group data to give our Compensation Committee context for our Company's short-term cash and long-term equity compensation. The Compensation Committee sought the advice of Meridian in considering the design of the NEOs' incentive compensation and the Board's total cash compensation and equity incentive. In reviewing our executive compensation programs for market-competitiveness and alignment with industry best practices, our Compensation Committee considered the information and advice presented by Meridian.

Our Compensation Committee assessed the independence of Meridian, as required under the NASDAQ listing requirements, and considered and assessed all relevant factors, including those set forth in Rule 10C-1(b)(4)(i) through (vi) under the Exchange Act, which could give rise to a potential conflict of interest with respect to Meridian during 2023. Based on this review, our Compensation Committee did not identify any conflict of interest raised by the work of Meridian. Meridian does not provide any services to management or any other services to our Company.

Role of Executive Officers in Compensation Decisions

Our annual and long-term incentive-based executive compensation is generally structured to reward our executive officers for achieving our Company's business goals. From time to time, our Compensation Committee relies upon recommendations made by our CEO, regarding compensation for our executive officers other than our CEO. As part of its review and establishment of the performance criteria and compensation of our named executive officers, our Compensation Committee meets separately with our CEO at least once each year and with our other executive officers as it deems appropriate. Our CEO annually reviews the performance of each of our other named executive officers (other than himself) with our Compensation Committee and makes recommendations to our Compensation Committee regarding such named executive officers' compensation. Our Compensation Committee makes its compensation decisions for our named executive officers, other than the CEO, based on that review and the recommendations of our CEO. Each year, our CEO's performance is reviewed by our non-management directors, and based on that review, our Compensation Committee makes a recommendation to the non-management directors regarding the compensation of our CEO.

Setting Executive Compensation

Our Compensation Committee evaluates the performance of our CEO and the other named executive officers as described above and reviews and approves the annual salary and any annual cash incentive, bonus, long-term stock-based compensation and other material benefits of our named executive officers other than our CEO, subject to the terms of any applicable employment agreements. Based on the recommendations of our Compensation Committee, our non-management directors approve the annual salary and any annual cash incentive, long-term stock-based compensation and other material benefits of our CEO, subject to the terms of his employment agreement.

External Pay Comparisons

Our Compensation Committee generally considers external pay comparison data as a market check on its compensation decisions. The Compensation Committee referenced our peer group’s market data, as provided by our independent compensation consultant, when establishing pay for our NEOs for 2023. The companies in our 2023 peer group listed below were selected based on having revenue, market capitalization, and overall business characteristics, including product offerings and end markets, similar to ours.

Highlights of 2023 Executive Compensation

Throughout 2023, the management team remained focused on growth and effectively managed our business through significant market challenges, organizational change, and the competition for talent. As a result, we had a capstone, high-growth transformational year, setting a record and exceeding targets in Revenue, Adjusted EBITDA and Free Cash Flow metrics. As a result of this performance, our named executive officers earned cash incentive compensation for 2023 at a payout percentage of 200% of target.

In April 2023, as incentive for future performance, Messrs. Gleason and Johansson and Ms. Watkins-Asiyanbi were awarded an annual grant of PRSUs that gives them the opportunity to earn shares based on our Company’s future performance. As in prior years, each named executive officer also received a grant of timed-based RSUs that vest over four years, so that the value an executive officer may actually realize depends on our future stock performance. As discussed in more detail below, each of our NEOs also received a special PRSU award in 2023 that vests based on our stock price performance.

The charts below show how each NEO’s target direct compensation for 2023 was divided between base salary, annual cash incentive awards, and RSUs and PRSUs granted in 2023 (showing the cash incentive awards and PRSUs at target). As reflected below, we weigh a significant portion of each NEO’s target compensation toward incentive-based compensation elements. These charts do not include the special incentive PRSU awards mentioned above that we granted in 2023 as such award represents a one-time grant that was not taken into account when setting target pay at the beginning of 2023 and is also not representative of our normal pay mix.

Key Elements of 2023 Compensation

Our 2023 executive compensation program consisted of cash, with a fixed base salary and an annual cash incentive opportunity, and equity in the form of RSUs and PRSUs.

2023 Base Salary

We provide our named executive officers with a base salary to compensate them for the expertise and value they bring to us. Base salary is determined for each individual based on the executive’s position and responsibility, taking into account the executive’s impact level, external market data, scope of responsibility, prior experience, past accomplishments and other similar factors, and whether the particular executive is entitled to a minimum base salary under any existing employment agreement.

Salary levels for our named executive officers are reviewed and approved by the Compensation Committee annually as well as upon joining the Company or upon a promotion or other change in job responsibility. The salary levels, including any increases, are also based on our Compensation Committee’s evaluation of the individual’s strengths, development, and expected future contributions with respect to the corporate goals and objectives relevant to the individual’s compensation, including individual performance. In 2023, our Compensation Committee approved merit increases ranging from 5% to 9% of the base salaries for each of Messrs. Gleason and Johansson, and Ms. Watkins-Asiyambi to help achieve market competitiveness.

Named Executive Officer	Base Salary Rate (\$) (as of 12/31/22)	Base Salary Rate (\$) (as of 12/31/23)	% Increase
Todd Gleason	481,950	525,326	9.0 %
Peter Johansson	375,000	393,750	5.0 %
Lynn Watkins-Asiyambi	350,000	367,500	5.0 %

2023 Cash Incentive Compensation

We believe that, in typical circumstances, a portion of our named executive officers’ cash compensation should be earned based on our annual performance, so that our executive officers are appropriately motivated to maximize our financial and operating performance each year. Early each year, our Compensation Committee typically selects executive officers to participate in the annual incentive program and determines the amount of the award opportunity and the performance goals for the participant.

For 2023, the performance objectives under our annual incentive program were established in the first quarter of 2023 by our Compensation Committee after consultation with our CEO and CALO and consisted of objectives of Adjusted EBITDA (50%), Revenue (25%) and Free Cash Flow (25%), in each case established by reference to the Company’s annual operating plan. The payout with respect to each metric could range from 0% to a maximum of 200% of target. In early 2024, the Compensation Committee determined that the Company’s performance in 2023 resulted in total payout of 200% of target for each named executive officer under the annual incentive program as shown below:

Performance Measures (\$ in millions)	Weight (%)	Threshold (0% Payout) (\$)	Target (100% Payout) (\$)	Maximum (200% Payout) (\$)	Actual Achievement (\$)	Payout Earned (%)
Revenue	25 %	450.0	475.0	510.0	544.8	200 %
Adjusted EBITDA*	50 %	45.0	48.0	52.0	57.6	200 %
Free Cash Flow	25 %	25.0	28.0	33.0	34.4	200 %
Total Payout						200 %

*Adjusted EBITDA and Free Cash Flow are non-GAAP measures. Adjusted EBITDA for purposes of our annual incentive program can be calculated from our audited financial statements as follows: Net income adjusted for the effects of amortization and earnouts expenses, acquisition and integration expenses, executive transition expenses, depreciation, non-cash stock compensation, other income & expense, interest expense, income tax expense, and noncontrolling interest. Free Cash Flow for purposes of our annual incentive program can be calculated from our audited financial statements as follows: Cash provided by operating activities adjusted for the effects of earnout payments (within operating activities) and acquisitions of property and equipment. Please refer to Appendix 3 to this Proxy Statement for reconciliation information relating to the non-GAAP measures presented herein.

Based on such achievement, the payouts of the annual incentive awards for 2023 are set forth in the table below and reflected in our 2023 Summary Compensation Table under the column captioned "Non-Equity Incentive Plan Compensation." We did not make any discretionary adjustments to the payouts for 2023 and based the amounts solely on achievement of the pre-established performance goals.

Named Executive Officer	Target Amount (\$)	Payout (%)	Amount of Final Payment (\$)
Todd Gleason	525,326	200	1,050,652
Peter Johansson	236,250	200	472,500
Lynn Watkins-Asiyanbi	183,750	200	367,500

Long-Term Equity Compensation

Our Compensation Committee believes that granting stock-based awards on an annual basis provides our executive officers with a strong economic interest in maximizing stockholder returns over the longer term and is important in retaining and recruiting the key talent necessary to ensure our Company's continued success. As a result, our equity compensation programs have been designed to promote the long-term financial interests and growth of our Company by: (i) helping attract and retain management with the ability to contribute to the success of the business; (ii) providing an opportunity for increased equity ownership by our executive officers and (iii) maintaining competitive levels of total compensation.

2023 Annual Equity Grants

Our 2023 annual grants consisted of RSUs that vest over time based on continued employment and PRSUs that vest only to the extent our Company attains the performance goals established by our Compensation Committee. To the extent stock units vest, the recipient receives one share of our common stock for each vested stock unit and an amount in cash equal to the dividends, if any, that would have been paid on the underlying common stock since the date of the stock unit grant.

For 2023, the value of the total stock units awarded to each named executive officer serving at the beginning of the year was based on a fixed dollar amount determined by our Compensation Committee with Meridian's guidance. To determine the number of stock units then granted to each NEO, we divided the target value of the NEO's award by \$13.99, the closing stock price on the date of grant. We then divide such number of stock units between RSUs and PRSUs based on the proportion approved by the Compensation Committee for each NEO, reflected in the table below.

	Todd Gleason	Peter Johansson	Lynn Watkins-Asiyanbi
Target LTI (\$)	\$1,000,000	\$300,000	\$262,500
Vehicle Split (%)	70% PRSUs/30% RSUs	50% PRSUs/50% RSUs	50% PRSUs/ 50%RSUs
# of RSUs Granted	21,444	10,722	9,382
Target # of PRSUs Granted	50,036	10,722	9,382

The RSUs that were granted to the named executive officers in March 2023 vest in equal annual installments on each of the first four anniversaries of the grant date. All of the 2023 RSU awards granted to our named executive officers are shown in the "2023 Grants of Plan-Based Awards Table" below in this Proxy Statement.

The PRSUs that we granted to the NEOs in March 2023 vest on March 15, 2026, to the extent our Company attains the Relative TSR (as defined below) goals for the performance period beginning on January 1, 2023, and ending on December 31, 2025, as established by our Compensation Committee. The Compensation Committee determined to use Relative TSR for the 2023 PRSU awards because this metric keeps the focus on creating value (i.e., alignment with shareholder interests) even in challenging times. The target number of PRSUs granted to each NEO and noted above can be earned from 0% to 150% of target levels based on actual performance.

For purposes of the 2023 PRSU awards, Relative TSR is the percentile rank of the Company's total shareholder return as compared to the total shareholder returns of all members of a designated peer group at the end of the relevant performance period. "Total shareholder return" is a rate of return reflecting stock price appreciation, plus the reinvestment of dividends in additional shares of stock (with appropriate adjustments for certain changes in capital structure), from the beginning of the performance period through the end of the performance period, where (1) the beginning stock price is based on the average closing stock price for the twenty (20) calendar days preceding January 1, 2023 and (2) the ending

stock price is based on the average closing stock price for the twenty (20) calendar days preceding and including the last day of the performance period.

For purposes of calculating Relative TSR, the relevant peer group is 104 publicly traded companies that, at the time of selection by the Compensation Committee, were U.S. companies classified in the Materials or Industrials sector with a market capitalization from \$200 million to \$800 million and revenue greater than \$100 million. The list of Relative TSR peer companies is included with this Proxy Statement as Appendix 2. The peer group is subject to adjustment in the event of certain significant events that occur with respect to a peer company, including bankruptcy, delisting, liquidation, certain acquisitions, or “going private” transactions.

The target PRSUs are divided into three equal tranches. Each one-third tranche has a specific “Performance Period” from January 1, 2023, until December 31 of each “Performance Period” as outlined in the table below. All three tranches vest on March 15, 2026, based on achievement of relative TSR during the applicable Performance Period and generally contingent on the NEO’s continued employment through such vesting date.

Performance Period	Weighting	Performance Period Beginning	Performance Period Ending	Vesting Date
1-Year TSR Measurement	1/3	1/1/2023	12/31/2023	3/15/2026
2-Year TSR Measurement	1/3	1/1/2023	12/31/2024	3/15/2026
3-Year TSR Measurement	1/3	1/1/2023	12/31/2025	3/15/2026

For each one-third tranche, a percentage of the PRSUs subject to such one-third tranche will be earned based on achievement of Relative TSR during the performance period for such one-third tranche as follows (with straight line mathematical interpolation between performance levels):

Performance Level	Relative TSR	% of Target PRSUs Earned
Below Threshold	Below 25 th percentile	— %
Threshold	At 25 th percentile	50 %
Target	At 50 th percentile	100 %
Maximum	At or above 75 th percentile	150 %

However, regardless of the level of Relative TSR performance, if the Company’s absolute total shareholder return at the end of the last Performance Period is negative, the percentage of target PRSUs earned will not exceed 100% of target.

Special One-Time Retention Awards Granted in 2023

In connection with the expiration of Mr. Gleason’s employment agreement (which is discussed in more detail below under the heading “Agreement with Mr. Gleason,”) on July 5, 2023, we granted Mr. Gleason a retention equity grant of 225,000 PRSUs under the Company’s 2021 Equity and Incentive Compensation Plan. The award vests on the fourth anniversary of the grant date based on the achievement of stock price performance goals, but only if Mr. Gleason is still employed by the Company on the vesting date. The number of PRSUs that are earned on the vesting date will be calculated based on the highest stock price that we achieve for any twenty (20) or more consecutive trading days during the four-year vesting period according to the table below (with no interpolation for stock prices between the levels set forth in the table below):

Stock Price	% of PRSUs Earned
Less than \$22.00	0%
\$22.00	100%
\$25.25	125%
\$28.50	150%
\$31.75	175%
\$35.00	200%

In September 2023, the Compensation Committee decided to make a special PRSU grant to each of Mr. Johansson and Ms. Watkins-Asiyanbi in the amount of 47,247 and 41,341 target shares, respectively, on substantially the same terms as the award made to Mr. Gleason to provide them enhanced retention and performance incentives. This grant is intended to unify the executive team and motivate them to achieve significant shareholder value creation. These awards, which were

granted on September 29, 2023, vest on July 5, 2027, based on the performance schedule set forth in the table above, provided that the NEO is employed by the Company on the vesting date.

The target and maximum number of shares that each NEO could earn pursuant to these awards are set forth below:

Name	PRSU Award Opportunity	
	Target Number of Shares	Maximum Number of Shares
Todd Gleason	225,000	450,000
Peter Johansson	47,247	94,494
Lynn Watkins-Asiyanbi	41,341	82,682

PRSUs Earned for 2021-2023 Performance Cycle

In 2021, we made an annual grant of PRSUs to Mr. Gleason having a performance period that ran from January 1, 2021 to December 31, 2023 and which vested on March 15, 2024 by their terms as a result of Mr. Gleason’s continuous employment through the vesting date. Mr. Johansson and Ms. Watkins-Asiyanbi were not serving with the Company when these PRSUs were granted and did not receive an award opportunity for this particular cycle.

The Compensation Committee determined to use Relative TSR as the sole performance metric for the 2021 PRSU awards with the payout being determined by comparing our total shareholder return against a peer group of 107 publicly traded companies that, at the time of selection by the Compensation Committee, were U.S. companies classified in the Materials or Industrials sector with a market capitalization from \$100 million to \$500 million and revenue greater than \$100 million. The chart below details the performance goals and achievement levels of the 2021 PRSUs.

Performance Level	Relative TSR	% of Target PRSUs Earned
Below Threshold	Below 25 th percentile	— %
Threshold	At 25 th percentile	50 %
Target	At 50 th percentile	100 %
Maximum	At or above 75 th percentile	150 %

At the end of the performance period, we had achieved a calculated TSR of 193.26% which ranked just over the 80th percentile and resulted in a payout of 150% of the target number of shares granted to Mr. Gleason.

The following table summarizes the target and actual earned shares under the PRSUs granted to Mr. Gleason in 2021.

Name	PRSU Award Opportunity		2021-2023 Performance	
	Target Number of Shares	Maximum Number of Shares	% of Target Earned	Number of Shares Earned
Todd Gleason	85,785	128,678	150.0 %	128,678

Personal Benefits and Perquisites

We provide our named executive officers with very few perquisites that we believe are reasonable and consistent with our overall compensation program and better enable us to attract and retain employees for key positions. These perquisites generally consist of a car allowance and payment of life insurance premiums.

Retirement Benefits

Our Company sponsors a 401(k) retirement plan for substantially all of our U.S. employees (the “401(k) Plan”), pursuant to which we generally match contributions each pay period at 100% of the employee’s contributions for the first 3% of eligible compensation, and 50% of the employee’s contribution on the next 3% of eligible compensation, for a maximum match of 4.5% of eligible compensation. Our named executive officers generally participate in the 401(k) Plan on the same terms as our other eligible employees. We believe the 401(k) Plan, which has limited cost to our Company, is set at a reasonable level, is highly valued by participants, and is part of a competitive compensation program consistent with our overall goal of attracting and retaining qualified employees.

Severance Benefits*Agreement with Mr. Gleason*

As mentioned above, prior to July 5, 2023, we had in place an employment agreement with Mr. Gleason, which we had previously entered into effective July 6, 2020, in connection with his appointment as our CEO. This employment agreement set forth the basic terms and conditions of his employment, including initial base salary, annual incentive opportunity, and long-term incentive opportunity, as well as certain sign-on equity and cash bonus compensation and certain perquisites and personal benefits. The employment agreement also included customary restrictive covenants and provided for severance benefits in connection with certain terminations of employment. Specifically, the agreement provided that if his employment was terminated by the Company without “cause” or by Mr. Gleason for “good reason” other than during the two-year period following a change in control, he would have been entitled to a lump sum cash payment equal to his annual base salary plus a pro-rated annual cash incentive payment based on actual performance for the year of termination. In addition, if his employment was terminated by the Company without cause or by Mr. Gleason for good reason within a period of two years after a change in control, then he would have been entitled to receive a lump sum payment equal to the sum of his annual base salary plus his target annual cash incentive for the year in which termination occurs.

During 2023, the Company and Mr. Gleason mutually decided not to renew his employment agreement that was expiring as of July 6, 2023. Instead, Mr. Gleason and the Company entered into a letter agreement that provides for the following retention-focused benefits in addition to the other elements of compensation and employee benefits provided generally to executive officers of the Company:

- The one-time special retention PRSU award described above under the heading “Special One-Time Retention Awards Granted in 2023”;
- A housing allowance of \$5,000 per month for six months in the Dallas, Texas area; and
- Participation in the Company’s Executive Change in Control Severance Plan (“CIC Severance Plan”).

The decision not to renew Mr. Gleason’s employment agreement was done to move away from employment agreements in general. The decision to move away from the use of employment agreements was motivated by the Company’s desire to (1) align with prevailing market trends, (2) negate the need for one-off negotiations with prospective new hires, and (3) streamline our severance and change in control benefits through our CIC Severance Plan described below. As amended, the CIC Severance Plan provides market-aligned severance and change-in-control protections (from both an individual and Company perspective) that would be duplicative if restated in an employment agreement. Having a unified policy is also administratively less burdensome than if such benefits differed from one employment agreement to another and promotes internal pay equity through the provision of similar benefits to similar levels of executives and other key employees.

Change in Control Severance Plan

We maintain the CIC Severance Plan, which provides our executive officers and other eligible participants with certain severance benefits in the event of certain qualifying terminations of employment. The Severance Plan is designed to address organizational leadership needs to attract and retain senior level executives in the Company and remove barriers and distractions of executives by providing limited protection to senior level leaders should a potential change in control occur. Offering continuity for these leaders while not tying the organization to an employment contract allows the Company to recruit, retain and demonstrate the value our senior level leaders contribute to our organization.

During 2023, we amended the plan to (1) include a resignation for good reason outside the change in control period as a qualifying termination event, (2) replace the Company-paid outplacement benefits with a cash payment of \$20,000 intended for the executive to find his or her own outplacement services, and (3) revise the severance benefit payout formulas to be more in line with market best practices. Following such amendments, the CIC Severance Plan provides for the following benefits:

- If the participant’s employment is terminated by the Company without cause, or by the participant for good reason, during the change in control period, then the participant is entitled to receive (1) a pro-rata target bonus for the year of termination, (2) a lump sum cash payment equal to the sum of the Participant’s base salary plus target bonus, multiplied by the applicable “severance multiplier”, (3) a lump sum payment of \$20,000 to enable the

Participant to obtain executive outplacement services, and (4) subsidized COBRA coverage for the period equal to 12 months multiplied by the Severance Multiplier (but capped at 18 months).

- If the participant's employment is terminated by the Company without cause or by the participant for good reason outside the change in control period, then the participant is also entitled to receive the same benefits described in the bullet above, except that the lump sum cash payment described in (2) shall only equal the Participant's base salary multiplied by the severance multiplier.

The "severance multiplier" is equal to 2.0 for the CEO, and 1.5 for the other executive officers.

Participation in the Severance Plan requires compliance with certain customary confidentiality, non-disparagement, non-competition, and non-solicitation provisions, and participants are required to execute a release of claims against the Company to receive the severance benefits (unless we waive such requirement).

Under the CIC Severance Plan:

- "Good reason" means (1) a material diminution of the participant's duties, authorities or responsibilities; (2) a material reduction in the participant's base salary or incentive opportunity (other than broad-based reductions applicable to all executives); (3) certain relocations of the participant's primary workplace; and (4) our material breach of the Severance Plan.
- "Termination without cause" means a termination of employment initiated by us other than due to the participant's death, disability, or the occurrence of the following events: (1) the participant's misappropriation of Company assets; (2) the participant's conviction of a felony or commission of any act of moral turpitude, dishonesty, or fraud; (3) the participant's failure to perform the lawful instructions of the participant's superior; (4) the participant's willful or gross misconduct which could reasonably be expected to be materially injurious to the Company; (5) the participant's violation of a material Company policy; or (6) the participant's material breach by the Participant of a material obligation under the Severance Plan.
- A "change in control" is defined as the occurrence of any the following: any person becoming the beneficial owner of 50% or more of our outstanding common stock or voting securities; certain changes in the majority of our Board of Directors that are not approved by a super-majority of the incumbent directors; the consummation of certain mergers or similar transactions or sales of all or substantially all of our assets; and approval by our stockholders of a complete liquidation or dissolution.

Key Changes to Executive Compensation Program for 2024

During 2023 and early 2024, our Compensation Committee considered, with the help of Meridian, potential changes to our executive compensation program with the goal of aligning our pay program with current industry best practices and the pay programs of our newly established peer group (as shown below) with whom we compete for talent, as well as continuing to align our executives' interests with those of our shareholders. Additionally, we have a limited number of senior officers of the company, with our NEOs taking on hybrid roles consisting of multiple functions and added responsibilities. The compensation-related decisions noted below were intended to continue to motivate strong company performance during a time of rapid growth and retain our highly sought after talent. As a result of these discussions, we made the following changes to our executive pay program for 2024:

- We changed our CEO's long-term incentive mix from 70% PSUs and 30% RSUs to 75% PSUs and 25% stock options to further tie our CEO's compensation to shareholder value creation.
- For our other executive officers who will continue to receive RSUs, we updated the vesting period from four years to three years to align with market practice.
- Our PSUs will continue to be based 100% on relative TSR, but we updated the measurement period to be a single three-year performance period (2024-2026) and changed the maximum PSU payout from 150% to 200%, in each case to align with market practice and incentivize our executive team to provide above average long-term shareholder returns.
- Eliminated free cash flow as a metric in our annual incentive plan and instead weighted Revenue and EBITDA equally at 50% to further motivate profitable growth.

CECO ENVIRONMENTAL

- Increased “threshold” payout under our annual incentive plan from 50% of target to 75% of target based on the rigor of our performance goals, as we set our “threshold” goals above our prior year actual results to motivate our executive team to grow the business. This “threshold” performance requirement significantly exceeds 2023 actual results and reflects the desire to continue recent outperformance (i.e., the opportunity to earn a payout for performance that would have resulted in 50-74.99% of target has been eliminated).
- Increased base salary, target annual bonus, and target long-term incentive grant value for each of our NEOs to position pay more competitively with our new peer group (as shown below) and retain this high performing executive team, which resulted in the following pay values for 2024:

	Mr. Gleason	Mr. Johansson	Ms. Watkins-Asiyanbi
Base Salary	\$775,000	\$450,000	\$400,000
Target Bonus (% of Base Salary)	125%	75%	75%
LTI Target (% of Base Salary)	280%	125%	125%

The new peer group that Meridian and our Compensation Committee referred to when making the above-mentioned changes is made up of the following companies:

Allient Inc.	Hudson Technologies Inc.	Powell Industries, Inc.
Ameresco, Inc.	Kadant Inc.	Preformed Line Products Co.
Argan, Inc.	L.B. Foster Company	Standex International Corporation
Astec Industries Inc..	Lindsay Corporation	The Gorman-Rupp Co.
Babcock & Wilcox Enterprises Inc.	Luxfer Holdings PLC	Thermon Group Holdings Inc.
ESCO Technologies, Inc.	Northwest Pipe Company	Vishay Precision Group Inc

Stock Ownership Guidelines

To reinforce the alignment of our executive officers' long-term financial interests with the interests of our stockholders, we require our executive officers to own shares of our common stock having values equal to the applicable multiple of base salary set forth in the table below:

Named Executive Officer	Ownership Requirement (Multiple of base salary)
Chief Executive Officer	5X
Chief Financial and Strategy Officer	3X
Chief Administrative and Legal Officer	3X
Other Executives Officers	1X

Our executive officers have five years after becoming subject to these guidelines to achieve the stock ownership required. Our Compensation Committee in its discretion may extend the period of time for attainment of such ownership levels in appropriate circumstances. For purposes of this requirement, stock ownership includes all shares of our common stock owned by the named executive officer directly or held in trust for the executive or the executive's immediate family. In addition, restricted stock and RSUs are also included in determining whether the required level of ownership has been attained. For purposes of the stock ownership requirements, the value of a share is measured as the greater of the then current market price or the closing price of a share of the common stock on the grant date. As of December 31, 2023, Mr. Gleason, who has served as our CEO only since July 2020 had achieved this goal; Mr. Johansson, who has served as our CFO only since August 2022 and Ms. Watkins-Asiyanbi who has served as our Chief Administrative and Legal Officer since August 2022, were not yet in compliance with their stock ownership requirements, but both are still within the applicable five-year compliance period.

Our executive officers are prohibited under our Insider Trading Policy from engaging in certain transaction in our securities, including short sales against the box, buying or selling puts or calls and frequent trading to take advantage of fluctuations in stock price. Our Insider Trading Policy is described in the "Insider Trading Policy" paragraph under "Our Board and Its Committees" section above.

Clawback Policy

During 2023, we adopted an updated compensation recovery policy (the "Clawback Policy") governing the recovery of erroneously awarded incentive-based compensation consistent with the requirements of the SEC and NASDAQ. The Clawback Policy replaced our existing compensation recovery policy and provides that, if we are required to prepare a qualifying accounting restatement, then, unless an exception applies, we will recover the excess of (1) the amount of incentive-based compensation received by a person who served as a covered officer at any time during the applicable performance period during the three completed years immediately preceding the date we are required to prepare the accounting restatement over (2) the amount that would have been received had it been determined based on the restated financials.

Risk Considerations in our Compensation Program

Our executive compensation consists of both fixed and variable compensation. The fixed (or salary) portion of compensation is designed to provide a steady income so our executive officers are not pressured to focus exclusively on short-term gains, which may be detrimental to long-term stock price appreciation and other business metrics. The variable portions of compensation consist of cash incentives or discretionary cash bonuses and long-term equity incentives (time-based RSUs and PRSUs). In a typical year, incentive compensation is generally tied to the achievement of corporate performance goals based on metrics established by our Compensation Committee. For 2023, we used a Relative TSR goal for long-term equity incentives. We believe that the variable components of compensation motivate our executive officers to produce short- and long-term corporate results while the fixed element of compensation helps provide security so that management is not encouraged to take unnecessary or excessive risks in working to produce such results. Periodically, our Compensation Committee conducts a risk review of the compensation programs for all employees, including our named executive officers. In 2023, a market pay analysis study was conducted, and following discussions held in Compensation Committee meetings that addressed risks associated with our plans and metrics, we believe our compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on our Company.

Conclusion

We recognize the importance of attracting, motivating, retaining and rewarding executive talent who can effectively lead our business. Our Compensation Committee continues to analyze and adjust our compensation programs to emphasize the alignment of our named executive officers' interests with the long-term interests of our stockholders. It seeks to incentivize our named executive officers to maximize our Company's performance and reward them for their achievements. With the various components of our executive compensation programs, our Compensation Committee seeks a balance between fixed and at-risk compensation, cash and equity, and short-term and long-term rewards with the ultimate objective of creating long-term value for our stockholders.

(1) This column reflects, for 2023, the aggregate grant date fair value of all stock awards granted during 2023 calculated in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718 ("FASB ASC Topic 718"), disregarding estimated forfeitures. There is no assurance that the named executive officers will realize these amounts. Assumptions used in calculating these amounts are included in Note 9 to the Company's consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2023.

For 2023, the amount includes the sum of the grant date fair values of the regular annual grant of RSUs and PRSUs, plus the special PRSU retention award granted in July to Mr. Gleason and in September to Mr. Johansson and Ms. Watkins-Asiyanbi. For both PRSU awards, the grant date fair value represents the probable outcome of the applicable performance conditions. The table below identifies the amount of the grant date fair value reported in this column that is attributable to each of the various awards granted during 2023 to each NEO.

Name	Annual Grant RSUs (\$)	Annual Grant PRSUs (\$)	Special Retention Incentive PRSUs (\$)
Todd Gleason	300,002	700,004	2,981,250
Peter Johansson	150,001	150,001	754,535
Lynn Watkins-Asiyanbi	131,254	131,254	660,216

Assuming maximum achievement with respect to the performance metrics applicable to the 2023 annual grant of PRSU awards, the grant date fair values of such awards would be as follows: \$1,050,005, \$225,001, and \$196,881 for Messrs. Gleason, and Johansson and Ms. Watkins-Asiyanbi, respectively. Assuming maximum achievement with respect to the performance metrics applicable to the 2023 special retention incentive PRSU awards, the grant date fair values of such awards would be as follows: \$5,692,500, \$1,509,069, and \$1,320,432 for Messrs. Gleason and Johansson and Ms. Watkins-Asiyanbi, respectively.

- (2) This column reflects the named executive officers' annual cash incentive awards that was paid based on formulaic performance, as further described above.
- (3) Amounts reported in this column for 2023 consist of the following:

The "Threshold" column shows dashes because the ultimate value of the performance-based compensation opportunities could be reduced to zero. The Actual payout for 2023 is shown in the "2023 Summary Compensation Table".
- (2) The amounts shown in the "Threshold," "Target" and "Maximum" columns for Messrs. Gleason and Johansson and Ms. Watkins-Asiyanbi represent the potential payout levels with respect to PRSU awards granted to such officers in 2023, which amounts may be earned based on Relative TSR performance during the 2023-2025 performance period and will generally vest, subject to continued employment, on March 15, 2026.
- (3) The amounts shown in this column consist of RSU awards, which generally vest in four substantially equal annual installments on each of the first four anniversaries of the grant date.
- (4) The amounts shown in this column represent the grant date fair value of stock awards calculated in accordance with FASB ASC Topic 718, disregarding estimated forfeitures, rather than amounts realized by the named executive officers. Assumptions used in calculating these amounts are included in Note 9 to the Company's consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2023.

Potential Payments Upon Termination or Change in Control

Our named executive officers are entitled to certain payments upon voluntary or involuntary termination, retirement, death or disability or change in control, including under the CIC Severance Plan described above under the heading “*Severance Benefits – Change in Control Severance Plan*,” and the terms of our equity awards. The NEOs are also eligible for participation in our general disability and life insurance plans on the same terms as our other salaried employees plus, as noted in the *Summary Compensation Table*, we provide the NEOs with additional term life insurance, which would provide for benefits upon the NEO’s disability or death, as applicable.

The tables below summarize the amounts that each continuing named executive officer would receive if his or her employment had terminated on December 29, 2023, the last business day of that year, under the various circumstances shown. The value of the accelerated vesting of the named executive officer’s equity awards is based on the closing price per share of our common stock on such date (\$20.28). If a named executive officer’s employment was terminated for cause, no benefits would be payable upon such termination of employment, other than to the extent required by law.

(1) The accelerated vesting of all or part of outstanding RSUs and PRSUs, and stock option awards, is at the discretion of our Compensation Committee in the event of a termination as a result the NEO’s death or disability or an involuntary termination by us without cause or by the executive for good reason. For the purpose of this disclosure, we have assumed that all outstanding RSUs, PRSUs, and stock option awards will be accelerated in such circumstances.

- (2) The accelerated vesting of all or part of outstanding RSUs and PRSUs, and stock option awards, upon a change in control is generally subject to the discretion of our Compensation Committee, except as described in this footnote. Mr. Gleason's inducement RSUs and stock option awards granted in 2020 and the special retention PRSUs granted to the NEOs in 2023 would vest in the event of a change in control, unless a replacement award is provided in accordance with the applicable award agreement. If such a replacement award is provided, and the NEO is terminated by us without cause (as defined in the applicable award agreement) or by the NEO for good reason (as defined in the applicable award agreement), in each case within a period of two years after the change in control, 100% of the replacement award will become vested. PRSU awards would generally vest in the event of a change in control based on "target" performance, unless a replacement award is provided in accordance with the applicable award agreement. If such a replacement award is provided, and the grantee is terminated by us without cause (as defined in the applicable award agreement) or by the grantee for good reason (as defined in the applicable award agreement), in each case within two years after the change in control, 100% of the replacement award will become vested. For the purposes of this disclosure, we have assumed that all outstanding awards will accelerate and that the named executive officer experiences a qualifying termination of employment on the date of the change in control.
- (3) Under the terms of the Severance Plan, if Mr. Gleason's employment is terminated by the Company without cause or by Mr. Gleason for good reason during the two-year period following a change in control, he will receive, in addition to certain accrued benefits, a lump sum cash payment equal to the sum of (i) a pro-rata target bonus for the year of termination (\$525,326), (ii) 2.0x the sum of his base salary plus target bonus (\$1,575,978), plus (iii) \$20,000 in lieu of executive outplacement services. No cash amount would be paid solely upon a change in control. If Mr. Gleason's employment is terminated without cause or for good reason other than during the two-year period following a change in control, then he will receive a lump sum cash payment equal to the sum of (i) a pro-rata target bonus for the year of termination (\$525,326), (ii) 2.0x his base salary (\$1,050,652), plus (iii) \$20,000 in lieu of executive outplacement services.
- (4) Under the terms of the Severance Plan, if Mr. Johansson's employment is terminated by the Company without cause or by Mr. Johansson for good reason during the two-year period following a change in control, he will receive, in addition to certain accrued benefits, a lump sum cash payment equal to the sum of (i) a pro-rata target bonus for the year of termination (\$236,250), (ii) 1.5x the sum of his base salary plus target bonus (\$826,876), plus (iii) \$20,000 in lieu of executive outplacement services. No cash amount would be paid solely upon a change in control. If Mr. Johansson's employment is terminated without cause or for good reason other than during the two-year period following a change in control, then he will receive a lump sum cash payment equal to the sum of (i) a pro-rata target bonus for the year of termination (\$236,250), (ii) 1.5x his base salary (\$590,625), plus (iii) \$20,000 in lieu of executive outplacement services.
- (5) Under the terms of the Severance Plan, if Ms. Watkins-Asiyanbi's employment is terminated by the Company without cause or by Ms. Watkins-Asiyanbi for good reason during the two-year period following a change in control, she will receive, in addition to certain accrued benefits, a lump sum cash payment equal to the sum of (i) a pro-rata target bonus for the year of termination (\$183,750), (ii) 1.5x the sum of her base salary plus target bonus (\$735,000), plus (iii) \$20,000 in lieu of executive outplacement services. No cash amount would be paid solely upon a change in control. If Ms. Watkins-Asiyanbi's employment is terminated without cause or for good reason other than during the two-year period following a change in control, then she will receive a lump sum cash payment equal to the sum of (i) a pro-rata target bonus for the year of termination (\$183,750), (ii) 1.5x her base salary (\$551,250), plus (iii) \$20,000 in lieu of executive outplacement services.
- (6) Represents the value of the portion of the COBRA premium that the Company would cover for 18 months following termination of the NEO's employment without cause or for good reason if the NEO elects COBRA continuation coverage.

Chief Executive Officer Pay Ratio

For 2023, the ratio of the annual total compensation of Mr. Gleason, our CEO (“CEO Compensation”), to the median of the annual total compensation of all our employees and those of our consolidated subsidiaries (other than our CEO) (“Median Annual Compensation”) was approximately 97 to 1. We note that due to our permitted use of reasonable estimates and assumptions in preparing this pay ratio disclosure, the disclosure may involve a degree of imprecision. Accordingly, this pay ratio disclosure is a reasonable estimate calculated in a manner consistent with SEC rules (Item 402(u) of Regulation S-K), using the data and assumptions described below. We refer to the employee who received the Median Annual Compensation as the “Median Employee.”

For purposes of this pay ratio disclosure, CEO Compensation was determined to be \$5,577,976, which represents the total 2023 compensation reported for Mr. Gleason, as set forth above in the 2023 Summary Compensation Table. For purposes of this pay ratio disclosure, Median Annual Compensation was determined to be \$57,325 and was calculated using the same methodology we used for our named executive officers in the 2023 Summary Compensation Table.

Under SEC rules, we are permitted to use the same Median Employee that we identified for 2022 as our Median Employee for 2023, as we had no significant changes to our employee population or compensation programs that we believe could have a significant impact on our pay ratio disclosure. We note that during 2023, we acquired 160 new employees from our acquisition of Wakefield Acoustics, Ltd, Transcend Solutions, LLC, and Kemco Systems, Co. LLC which we excluded from the foregoing consideration, as permitted by SEC rules. We identified our Median Employee in 2022 using our global employee population as described below, as of December 31, 2022 (the “Determination Date”). In total, our workforce consisted of 954 U.S. and non-U.S. employees, representing all full-time, part-time, seasonal, and temporary employees for us and our consolidated subsidiaries as of our Determination Date (except as described below and other than for our CEO). This number does not include any independent contractors or “leased” workers, as permitted by the applicable SEC rules. This number excludes 29 non-U.S. employees (consisting of 29 employees in South Korea, or collectively approximately 3% of our total workforce of 983 employees), which we excluded from consideration under the *de minimis* exception in the SEC rules.

To identify the Median Employee, we measured cash compensation (as described below) for the period beginning on January 1, 2022, and ending on December 31, 2022. The cash compensation measurement was calculated by totaling, for each employee, the following cash compensation elements: salary, wages, commissions, bonuses, and certain cash perquisites (such as moving allowance and automobile allowances). This cash compensation represents the consistently applied compensation measure that we used for our pay ratio determination. Specifically excluded from the consistently applied compensation measure were equity awards and company contributions to 401(k) plans. Further, we did not utilize any statistical sampling, cost-of-living adjustments or other annualizations for purposes of this pay ratio disclosure.

Pay Versus Performance

As required by Item 402(v) of Regulation S-K, we are providing the following information regarding the relationship between executive compensation and our financial performance for each of the last two completed calendar years. In determining the compensation actually paid (“CAP”) to our NEOs, we are required to make various adjustments to amounts that have been previously reported in the Summary Compensation Table (“SCT”) in previous years, as the SEC’s valuation methods for this section differ from those required in the SCT.

The table below summarizes compensation values both previously reported in our SCT, as well as the adjusted values required in this section for fiscal years 2021, 2022 and 2023. Note that for our NEOs other than our principal executive officer (the “PEO”), compensation is reported as an average.

Analysis of the Information Presented in the Pay Versus Performance Table

The following chart sets forth the relationship between Compensation Actually Paid to our PEO, the average of Compensation Actually Paid to our Non-PEO NEOs, and the Company's TSR over the period covering fiscal years 2021, 2022 and 2023. A large component of our executive compensation is equity-based to align compensation with performance, but also includes other appropriate incentives such as cash bonuses that are designed to incentivize our executives to achieve annual corporate goals. We believe the equity-based compensation strongly aligns our PEO and Non-PEO NEOs' interests with those of our stockholders to maximize long-term value and encourages long-term employment.

The following chart shows the relationship between Compensation Actually Paid to our PEO, the average of the Compensation Actually Paid to our Non-PEO NEOs and our net income over the period covering fiscal years 2021, 2022 and 2023.

All information provided above under the "Pay Versus Performance" heading will not be deemed to be incorporated by reference in any filing of our company under the Securities Act of 1933, as amended, whether made before or after the date hereof and irrespective of any general incorporation language in any such filing.

PROPOSAL 4

RATIFICATION OF THE APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board recommends a vote **FOR** the ratification of the appointment of BDO as our independent registered public accounting firm for 2024.

At the recommendation of the Audit Committee, our Board has ratified the appointment of BDO USA, P.C. (f/k/a BDO USA, LLP) (“BDO”) as our independent registered public accounting firm for the fiscal year ending December 31, 2024. BDO has served in that capacity and reported on our consolidated financial statement and the effectiveness of our internal controls over financial reporting continuously since 2008. A representative of BDO is expected to be present and available to respond to appropriate questions at the Annual Meeting.

Our Audit Committee approves any engagement of BDO and has the ultimate authority and responsibility to select, evaluate and, where appropriate, replace the independent registered public accounting firm and nominate an independent registered public accounting firm for stockholder approval.

Although we are not required to seek stockholder approval of the appointment of BDO, the Board believes that it is consistent with good corporate governance practices to ask stockholders to ratify the appointment. If the appointment is not ratified, the Audit Committee will explore the reasons for stockholder rejection and will reconsider the appointment. In addition, even if stockholders ratify the Audit Committee’s appointment of BDO, the Audit Committee, in its discretion, may still appoint a different independent registered public accounting firm if it believes that such a change would be in the best interests of the Company and our stockholders.

VOTE REQUIRED

This proposal requires an affirmative vote of the majority of shares represented at the Annual Meeting in person or by proxy for approval.

Our Board recommends a vote “FOR” the ratification of the appointment of BDO USA, P.C. (f/k/a BDO USA, LLP) as our independent registered public accounting firm for fiscal year 2024.

AUDIT MATTERS**Audit Committee Report**

Our Audit Committee has reviewed and discussed our Company's audited consolidated financial statements for the fiscal year ended December 31, 2023, with our management and has discussed with BDO USA, P.C. (f/k/a BDO USA, LLP) ("BDO"), our independent registered public accounting firm, those matters required to be discussed by the applicable requirements of the Public Company Accounting Oversight Board (the "PCAOB") and the Securities and Exchange Commission.

In addition, our Audit Committee has received the written disclosures and the letter from BDO required by applicable requirements of the PCAOB, regarding BDO's communications with our Audit Committee concerning independence, and our Audit Committee has discussed BDO's independence with BDO.

Based on these reviews and discussions, the Audit Committee recommended to our Board that our audited consolidated financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2023, for filing with the SEC.

A stockholder of record (or record holder or registered holder) means that your shares are registered in your name directly on the books of our registrar and transfer agent Broadridge Financial Services, Inc. If you are a stockholder of record, we have provided these proxy materials directly to you.

If you hold your shares through a bank, broker or other intermediary, you are considered the “beneficial owner” of those shares held in “street name.” If your shares are held in street name, these proxy materials have been forwarded to you by your bank, broker or other intermediary. As the beneficial owner, you have the right to instruct that institution on how to vote the shares you beneficially own.

How You Can Vote and What You are Voting on

If you are a registered stockholder, there are several ways for you to vote. You may attend the Annual Meeting via the internet and vote during the Annual Meeting. You may also vote by internet before the date of the Annual Meeting, by

proxy or by telephone using one of the methods described on the Notice and in the proxy card. We recommend you vote by mail, internet or telephone even if you plan to attend the Annual Meeting. On each matter to be voted upon, you have one vote for each share of common stock you own as of March 25, 2024.

What Does it Mean if I Receive More Than One Notice?

If you receive more than one Notice, your shares may be registered in more than one name or in different accounts. Please follow the voting instructions on each of the Notices you receive to ensure that all of your shares are voted.

Revocability of Proxies

Stockholders who execute proxies retain the right to revoke them at any time before the shares are voted by proxy at the meeting. A stockholder may revoke a proxy by delivering a signed statement to our Corporate Secretary at or prior to the Annual Meeting or by timely executing and delivering, by internet, mail or during the Annual Meeting, another proxy dated as of a later date. Furthermore, you may revoke a proxy by attending the Annual Meeting and voting in person, which will automatically cancel any proxy previously given. Unless you revoke your proxy at the Annual Meeting, your revocation must be received by 11:59 p.m. Eastern Time on May 19, 2024.

Attendance at the Annual Meeting, however, will not automatically revoke any proxy that you have given previously unless you request a ballot and vote during the Annual Meeting. If you hold shares through a bank, broker or other intermediary, you must contact the bank, broker or other intermediary to revoke any prior voting instructions.

How do I participate in, and ask questions during the Annual Meeting?

If you would like to submit a question during the Annual Meeting, you may log in to www.virtualshareholdermeeting.com/CECO2024 using your control number, type your question into the “Ask a Question” field, and click “Submit.”

To help ensure that we have a productive and efficient meeting, and in fairness to all stockholders in attendance, you will also find posted our rules of conduct for the Annual Meeting when you log in prior to its start. These rules of conduct will include the following guidelines:

- You may submit questions and comments electronically through the meeting portal during the Annual Meeting.
- Only stockholders of record as of the Record Date for the Annual Meeting and their proxy holders may submit questions or comments.
- Questions pertinent to the Annual Meeting and related to our business will be answered during the webcast, subject to time constraints. Any such questions that cannot be answered live due to time constraints will be posted and answered on our website, <https://cecoenviro.com> as soon as practical after the Annual Meeting.
- Questions may be omitted if they are, among other things, irrelevant to our business, related to pending or threatened litigation, disorderly, repetitious of statements already made, or in furtherance of the speaker’s own personal, political or business interests.
- No audio or video recordings of the Annual Meeting are permitted.

How are Votes Counted and how are Abstentions and Broker Non-Votes Treated?

Votes will be counted by the inspector of election appointed for the meeting, who will separately count votes “For” (Proposals 1, 2, 3 and 4), “Against” (Proposals 1, 2, 3 and 4), broker non-votes (Proposals 1, 2 and 3) and “Abstain” (Proposals 1, 2, 3 and 4).

Abstentions will be counted towards the vote total for Proposals 1, 2, 3 and 4 and will have the same effect as “Against” votes. Broker non-votes will have the same effect as a vote against each director in Proposal 1 and against Proposals 2 and 3.

Quorum Required

In order for business to be conducted, a quorum must be represented at the Annual Meeting. The holders of a majority of the outstanding shares of common stock, present at the Annual Meeting or represented by proxy, shall constitute a quorum at the Annual Meeting. Shares represented by a proxy marked “abstain” or a proxy as to which there is a “broker non-vote” will be considered present at the meeting for purposes of determining a quorum.

Required Vote to Elect Directors

Directors will each be elected by an affirmative vote of the majority of shares represented at the Annual Meeting in person or by proxy.

Required Votes to Pass Other Proposals

Proposal 2 (to approve the proposed amendment to the Company’s Certificate of Incorporation to incorporate Delaware law provisions regarding officer exculpation) requires the affirmative vote of a majority of outstanding stock entitled to vote on Proposal 2 for approval.

Proposal 3 (to approve, on an advisory basis, the compensation paid to our named executive officers) and Proposal 4 (to ratify the appointment of BDO USA, P.C. (f/k/a BDO USA, LLP) as our independent registered public accounting firm for 2024) each require the affirmative vote of the majority of shares represented at the Annual Meeting in person or by proxy for approval.

The votes for Proposal 3 and Proposal 4 are advisory in nature and are not binding on our Company; however, our Board will consider the outcomes of these votes in future deliberations.

Broker Non-Votes

If your shares are held by a bank, broker or other nominee and you do not provide the bank, broker or other nominee with specific voting instructions, the organization that holds your shares may generally vote on "routine" matters but cannot vote on non-routine matters. If the bank, broker or other nominee that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, the organization will inform our Inspector of Elections that it does not have the authority to vote on this matter with respect to your shares. This is generally referred to as a "broker non-vote." When our Inspector of Elections tabulates the votes for any matter, broker non-votes will be counted for purposes of determining whether a quorum is present.

Only Proposal 4 (ratification of the selection of BDO USA, P.C. (f/k/a BDO USA, LLP) as our independent registered public accounting firm for 2024) is a routine proposal. Proposal 1 (election of directors), Proposal 2 (to approve the proposed amendment to the Company's Certificate of Incorporation to incorporate Delaware law provisions regarding officer exculpation) and Proposal 3 (to approve, on an advisory basis, the compensation of our named executive officers) will be considered "non-routine," and banks, brokers and certain other nominees that hold your shares in street name will not have the authority to vote on these proposals if you do not provide them with voting instructions. Any broker non-votes will have the same effect as a vote against each director in Proposal 1 and against Proposals 2 and 3.

Please provide voting instructions to the bank, broker or other nominee that holds your shares by carefully following their instructions.

Where Can I Find the Voting Results?

Preliminary voting results will be announced at the Annual Meeting. In addition, final voting results will be published in a Current Report on Form 8-K that we expect to file within four business days after the Annual Meeting. The report will be available on our website at www.cecoenviro.com.

Householding Information

Unless we have received contrary instructions, we may send a single copy of this Proxy Statement to any household at which two or more stockholders reside if we believe the stockholders are members of the same family. This process, known as "householding," reduces the volume of duplicate information received at any one household and helps reduce our expenses. However, if stockholders prefer to receive multiple sets of our disclosure documents at the same address this year or in future years, the stockholders should follow the instructions described below. Similarly, if an address is shared with another stockholder and together both stockholders would like to receive only a single set of our disclosure documents, the stockholders should follow these instructions;

- If the shares are registered in the name of the stockholder, the stockholder should contact Corporate Secretary at 14651 N. Dallas Parkway, Suite 500 Dallas, Texas 75254, or via telephone at (214) 357-6181, to inform us of his or her request; or
- If a broker, bank, broker-dealer, custodian or other similar organization holds the shares, the stockholder should contact that representative directly.

Other Information

If no instructions are indicated on a duly executed and returned proxy, the shares represented by the proxy will be voted FOR the election of the eight director nominees proposed by our Board, FOR approval of the proposed amendment to the Company's Certificate of Incorporation to incorporate Delaware law provisions regarding officer exculpation, FOR the approval, on an advisory basis, of the compensation paid to our named executive officers, FOR the ratification of the appointment of BDO USA, P.C. (f/k/a BDO USA, LLP) as our independent registered public accounting firm for 2024, and in accordance with the judgment of the persons named in the proxy as to such other matters as may properly come before the Annual Meeting.
